Nancy Dianne Studio presents:

BALLET PERFORMANCE WORKSHOP – “Swan Lake”

Inspired by the success of last spring's **Peter and the Wolf** workshop, we will be offering another opportunity to attend an 8 week long workshop geared toward students 6th grade through High School. This workshop will include Ballet technique classes, Pre-Pointe/Beginning Pointe/Continuing Pointe classes, as well as rehearsal time culminating in an informal studio performance of selections from Swan Lake – performed to the well loved music composed by Pyotr Ilyich Tchaikovsky.

This ballet classic was composed in 1875-1876, by the Russian composer Pyotr Ilyich Tchaikovsky and despite its initial failure, it is now one of the most popular Ballets. With many beautiful characters and music selections in this lovely 4 act fairy tale ballet, students will have the opportunity to learn famous and lesser-known variations, including princesses from far away kingdoms and character dances such as the Czardas, Danza Espagnole, Neapolitan, and the Mazurka.

Ballet students participating in this workshop will gain strength, technique and performance quality as they are part of a Student Company working toward a common goal. It will also provide a preview of the type of work and experience that goes into becoming a member of a performance company.

Important details regarding this workshop:

- The workshop is open to Ballet Students age 11 years and older, and students should enroll in their current level of Ballet unless advised otherwise. Each age and level will meet separately
- Advanced Beginning and Pre-Pointe levels will meet on Mondays, Middle School level Beginning Pointe will meet on Wednesdays, and High School Continuing Pointe will meet on Tuesdays and Thursdays.
- The workshop will be conducted on the days and dates detailed below. We will culminate with all dancers (Tuesday, Wednesday and Thursday groups) combined in a Studio performance on Thursday, August 15th which will be approximately 30 minutes long, followed by an informal reception afterwards.
- Cast members will be assigned roles throughout the workshop at each level. Each level will be working on their own separate dance selections.
- Dancers must have excellent consistent attendance at their assigned classes and rehearsal dates.
- Seating at the end of session performance will be limited due to space constraints at the Studio. Consequently, viewing will be limited and prioritized to the parents of performers initially.
